CALL FOR APPLICATIONS

Dragon-STAR Innovation Award for outstanding Chinese-European Science & Technology and Innovation Cooperation Examples

Have you ever been part of a successful Chinese-European cooperation?

The outcome of this cooperation has been an innovation with industrial relevance?

Your cooperation has been running for at least 6 months?

If this applies for you, submit your full application for the Dragon-STAR Innovation Award and let your work be rewarded!

About the Award

The Dragon-STAR Innovation Award aims at delivering visibility to shining examples of Chinese-European successful collaboration cases in order to motivate and stimulate future Chinese-European cooperation.

The winner will be awarded with the Dragon-STAR Innovation Award during the China-EU S&T Cooperation Forum in Brussels in 2015.

Who is eligible

- Team of innovators must consist out of **at least one European (member of the EU or associated country) partner and one Chinese partner**. Teams do not need to have an equal number of European and Chinese partner in the team.
- Eligible partners include **research technology development (RTD) organisations, companies** (in particular SMEs are encouraged to participate) or **public organisations**.
